# ANYONE A DJ

A mobile phone application that make interaction between people with music.

“Anyone a DJ” permits different kind of person to socialize and sharing different music tastes during a silent rave event.

Venice is the better place where this kind of event can be, because is an historical city and you have to respect the silent and the unique atmosphere and there are a lot of open spaces like “campi”.

During the event everyone can vote his favourite songs and so there will be a common playlist that correspond to the listeners preferences.

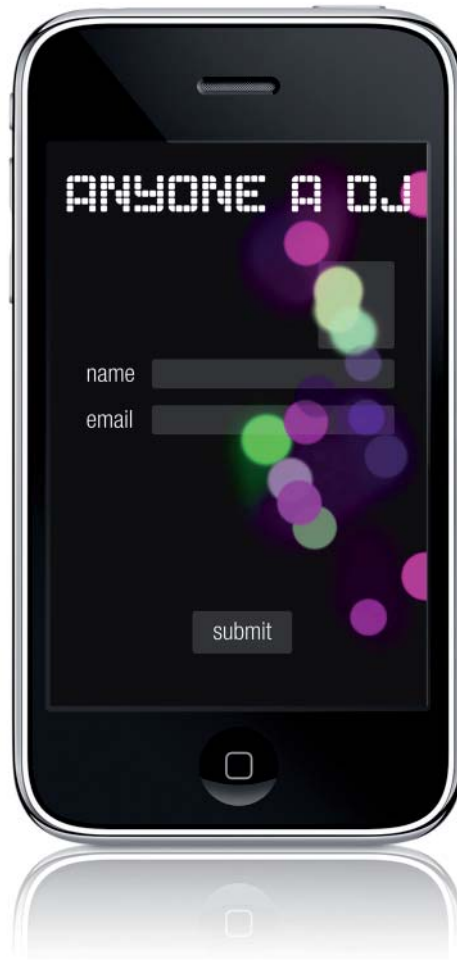

Then the users can also remix songs with their mobile phone.
